Note 6								

- NOTES**
1. Minimum machining required for spec weight; no drilled thru holes
  2. Shelf Stock, no fabrication delay.
  3. 1/4 Lb & 1/8 Kg plates are Stainless Steel as in 1.4.
  4. Absolutely no visible drilling.
  5. Add 10% for metric equivalent plates and sets.
  6. 3 sets per year are manufactured. Check availability & waiting list.
  7. Several plates bonded together to spec weight.
  8. To be discontinued when current stock depleted.
  9. Specifications are the same as 1.1 except with thru holes
  10. Minimum machining required for spec weight.
  11. For unpainted bare steel for items 1.1, 1.5, 1.10 thru 1.16 deduct \$1.00 per pair.
  12. SS is an abbreviation for Stainless Steel.

For 1.0 thru 3.0 deduct \$0.50 for each additional pair for shipping/packaging savings. (Does not apply to sets.)  
 Prices include insured US Mail on US mainland only; add \$2 per pair for 2 day shipping on US mainland only.

Please request quotes for shipping options outside US mainland.
